

Everest SO452W

EVEREST SO452W

A brief introduction to the Everest SO452W. The standard portable LCD projector has a WXGA 1280 x 800 resolution and a contrast of 20000:1. The lamp of the projector is specified with a lamp life of 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 682 cm picture width, the projector will be able to illuminate well. The projector can manage rooms with residual light with a smaller image width, we recommend a maximum of 455 cm here. Furthermore, the projector can play 1080P without any problems.

3 x 0,64" LCD Panel
