With the YO606U, manufacturer Everest offers H, a standard portable LCD laser projector with WUXGA 1920 x 1200 resolution and a contrast ratio of 5,000,000:1. It is a laser projector with a 20,000-hour lamp life, which would amount to over 13.7 years based on 4 hours of daily use. The lens shift function allows for very flexible placement of the projector. Thanks to its brightness of 6,000 ANSI lumens, an image width of 787 cm is possible. The projector can also handle slightly brighter rooms with a narrower image width (we recommend a maximum of 525 cm). Playing 1080p and 3D content is also no problem for the projector, and thanks to its 360° projection, Blu-rays.
