

Futuzen P10 Pro

FUTUZEN P10 PRO

The P10 Pro LED LCD has 300 ANSI lumens, a contrast ratio of 1500:1 and an HDTV 1280 x 720 resolution. The service life is 30,000 hours due to the LEDs, which would be over 20.5 years at 4 hours a day. The integrated media player allows you to play files directly. The brightness of 300 Ansi-Lumen makes a picture width of 176 cm possible. In room light, the image should be max. 117 cm wide. The model recognizes Airplay and Miracast Screen Mirroring signals, making it possible to play videos with high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. In addition, the projector can be flexibly connected to other speakers thanks to the Bluetooth function. Even 1080P video signals are no problem for the projector. The operating noise of only 25 decibels makes projection quiet.

Brief Introduction

Beta 2.5

Display Type

1 x LCD TFT Panel
HDTV 16/9 Liquid Crystal Display
