

Hitachi CP BW301WN

Brief Introduction

Beta 2.5

The Hitachi CP BW301WN LCD projector has 3000 Ansi lumens, a contrast of 10000:1 and a WXGA 1280 x 800 resolution. The manufacturer specifies a lamp life of 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. The projector also offers an integrated media player that can be used to play files directly. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. With a projection ratio of just 0.4:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 80 cm away from the screen. As the CP BW301WN is equipped with a microphone jack and 16W speakers, no additional audio system is required for presentations or training sessions. The model is also Full HD 1080P compatible. On the market since 2015, the model is no longer offered by the manufacturer Hitachi.

Display Type

3 x LCD TFT Panel
WXGA 16/10 Liquid Crystal Display

Ansi-Lumen

3000

Contrast

10000:1 full on/off
