The Hitachi CP-EW3551WN standard portable LCD projector has 3800 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The lamp life is specified by the manufacturer as 12500 hours, which is over 17.1 years with a daily viewing time of 2 hours. The horizontal and vertical keystone correction provides leeway when setting up. The projector can illuminate images up to 626 cm wide thanks to its 3800 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 417 cm. Playing 1080P is also no problem for the projector. On the market since 2018, the model is no longer offered by the manufacturer Hitachi.
