

HongTianPao HTP V130

Brief Introduction

Beta 2.5

The standard portable HTP V130 projector from HongTianPao has 1043 Ansi lumens, a contrast of 600:1 and an SVGA 800 x 600 resolution. The lamp life is specified by the manufacturer as 6000 hours, which converts to over 8.2 years at 2 hours per day. As HongTianPao specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. An image width of up to 281 cm is possible, as the projector has 1043 Ansi lumens. However, if room light is available, the picture should be max. 187 cm wide. The model is no longer offered by HongTianPao.

Display Type

Ansi-Lumen

1043 1200 Peak Lumen

348 Lux (bei 200 cm Screen)
