HONGTIANPAO LED 33+

A brief introduction to the HongTianPao LED 33+. The standard portable LCD LED projector has an SVGA 800 x 600 resolution and a contrast of 1000:1. The manufacturer HongTianPao specifies a service life of 20000 hours, which converts to over 13.7 years at 4 hours per day. Since HongTianPao specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. Due to the brightness of 120 Ansi lumens, a picture width of 95 cm is possible. In room light, the picture should be max. 63 cm wide. Even 1080P video signals are no problem for the projector. This model is no longer offered by HongTianPao.
