

# HongTianPao PSD188

A brief introduction to the PSD188: The HongTianPao standard portable LCD projector offers 108 Ansi lumens, a contrast of 800:1 and an SVGA 800 x 600 resolution. The lamp of the projector is specified with a lamp life of 6000 hours, which is over 8.2 years with a daily viewing time of 2 hours. Since HongTianPao specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. 91 cm image width, the projector will be able to illuminate well. If room light is available, however, the picture width should ideally not exceed 61 cm. Playing 1080P is also no problem for the projector. The projector is no longer sold by the manufacturer. It should also be noted that there are unfortunately no more replacement lamps for the projector, neither original nor replica.
