

HongTianPao V66(black)

Brief Introduction

Beta 2.5

The HongTianPao model V66(black) is an LCD projector with VGA 640 x 480 resolution and a contrast of 600:1. The manufacturer HongTianPao specifies a lamp life of 6000 hours, which converts to over 8.2 years at 2 hours per day. Since HongTianPao specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. Due to the brightness of 72 Ansi lumens, a picture width of 74 cm is possible. In room light, the picture should be max. 49 cm wide. Even 1080P video signals are no problem for the projector. This model is no longer offered by HongTianPao.

Display Type

1 x 5" LCD TFT Panel
VGA 4/3 Liquid Crystal Display
