

HongTianPao V88 HDMI

HONGTIANPAO V88 HDMI

The HongTianPao V88 HDMI LCD projector has 108 Ansi lumens, a contrast of 800:1 and a WVGA 800 x 480 resolution. The manufacturer HongTianPao specifies a lamp life of 6000 hours, which is over 8.2 years with a daily viewing time of 2 hours. Since HongTianPao specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. 108 Ansi lumens ensure that a picture width of 106 cm is also possible. However, if there is room light, the picture should be a maximum of 71 cm wide. Furthermore, the projector can play 1080P without any problems. The model was built by HongTianPao in 2013 and is no longer current.

Brief Introduction

Beta 2.5

Display Type

1 x 7" LCD TFT Panel
WVGA 16/9 Liquid Crystal Display

Ansi-Lumen

525 / 1800 Lumen

233 Lux (200 cm Screen width)
