

Jimveo J62 Pro

EAN/UPC:B0H36FQFG7

JIMVEO J62 PRO

Brief Introduction

Beta 2.5

The Jimveo J62 Pro LED LCD projector has 800 ANSI lumens and an HDTV resolution of 1920 x 1080. The manufacturer specifies an LED lifespan of 30,000 hours, which would equate to over 20.5 years at 4 hours? use per day. Thanks to the horizontal and vertical keystone correction, the projector can be positioned with great flexibility. The brightness of 800 ANSI lumens allows for an image width of 287 cm. In room lighting conditions, the image should be no more than 191 cm wide. As the projector supports Chromecast, AirPlay and Miracast screen mirroring signals, it is possible to stream high-resolution videos with surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. Furthermore, thanks to its Bluetooth functionality, the projector can be easily paired with other speakers. Playing 1080p and 4K (compressed) content is also no problem for the projector.
