

JVC DLA RS400

JVC DLA RS400

The JVC DLA RS400 3D DILA projector has 1700 Ansi lumens, a contrast of 60000:1 and a UHD (4K2K) 3840 x 2160 resolution. Including a lens shift function, which provides freedom during installation. 1700 Ansi lumens ensure that a picture width of 419 cm is also possible. However, if room light is available, the picture should be max. 279 cm wide. The model is also compatible with Full HD 1080P and 4K as well as 3D, meaning that all Blu-ray formats currently available can be recognized by the projector. At just 20 decibels, the device is one of the quieter projectors. It was launched on the market in 2015 and is no longer offered by the manufacturer JVC.

The rear panel of the Sony WH1000XM3 headphones features several ports and controls. At the top, there are two 3.5mm audio jacks labeled '1' and '2', with 'HDMI 2' printed below them. Below these are two USB-C ports, one labeled 'USB-C' and the other 'USB-C'. In the center, there is a 3.5mm audio jack labeled '3.5mm'. To the right of this is a small circular port labeled 'MIC'. Below the 3.5mm jack are three colored buttons: a red button labeled 'Call Ans', a blue button labeled 'Call End', and a green button labeled 'V'. At the bottom, there are four circular ports labeled 'USB-C', 'MIC', '3.5mm', and 'REMOTE'. The 'REMOTE' port is a small circular port with a remote control icon.

Yes, is possible.
