

Kodak FLIK X20 W/B

KODAK FLIK X20 W/B

Manufacturer Kodak offers the FLIK X20 W/B, an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 3000:1. It is an LED projector with a light life of 30,000 hours, which equates to over 20.5 years at 4 hours per day. An image width of up to 176 cm is possible. However, the image should be smaller in room lighting. We recommend a maximum of 117 cm. Google TV turns the projector into a versatile media hub that can be seamlessly integrated into a smart home. Since the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. Even 1080P video signals are no problem for the projector.

Brief Introduction

Beta 2.5
