

Kodak FLIK X4

KODAK FLIK X4

A brief introduction to the FLIK X4: The Kodak Game-Portable LED DLP projector offers 70 Ansi-Lumen, a contrast of 2500 : 1 and a WVGA 800 x 480 resolution. The manufacturer specifies an LED service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. The projector can illuminate a picture width of up to 85 cm well thanks to its 70 Ansi lumens. In room light, however, the image width should ideally be less than 57 cm. Playing 1080P is also no problem for the projector.

Brief Introduction

Beta 2.5

Display Type

DLP Chip
WVGA 16/9 Ti Digital Light Processing Chip

Ansi-Lumen

70

31 Lux (200 cm Screen width)
