

LG CineBeam Q Mini

LG CINEBEAM Q MINI

Brief Introduction

Beta 2.5

Manufacturer LG offers the CineBeam Q Mini, a DLP projector with UHD (4K2K) 3840 x 2160 resolution and a contrast ratio of 450,000:1. Horizontal and vertical keystone correction ensures that setting up the image is child's play. An image width of up to 227 cm is possible, as the projector has 600 ANSI lumens. However, if there is ambient light in the room, the image should be no more than 151 cm wide. The projector features AirPlay, Miracast screen mirroring support, which enables high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. Furthermore, it is compatible with Full HD 1080p and 4K, and, thanks to its 360° projection capability, can even project HD 1080p and 4K Blu-rays onto the ceiling.
