

Liesegang Mayfair / A

A brief introduction to the Liesegang Mayfair / A. The LCD projector has an SVGA 800 x 600 resolution and a contrast of 400:1. The horizontal and vertical keystone correction allows the projector to be positioned very freely. 1300 Ansi lumens ensure that a picture width of 314 cm is also possible. However, if room light is available, the picture should be a maximum of 209 cm wide. On the market since 2002, the model is no longer offered by the manufacturer Liesegang. It should also be noted that, unfortunately, there are no longer any replacement lamps for the projector, neither originals nor replicas.

3 x 0,9" LCD TFT Panel
SVGA 4/3 Liquid Crystal Display
