

Lightware Scout 2000

Brief Introduction

Beta 2.5

With the Scout 2000, manufacturer Lightware offers an LCD projector with SVGA 800 x 600 resolution and a contrast of 100:1. As Lightware specifies the brightness of the projector in lumens, we have calculated an approximate ansi lumen value in this case. An image width of up to 182 cm is possible, as the projector has 435 Ansi lumens. However, if room light is available, the picture should be max. 121 cm wide. The projector is no longer sold by the manufacturer. Unfortunately, we can no longer offer replacement lamps for this model, neither originals nor replicas.

Display Type

1 x 1,6 LCD TFT Panel
SVGA 4/3 Liquid Crystal Display

Ansi-Lumen

435 500 Lumen 141 Lux (bei 203 cm Screen)
