

# Maxell MP-WU5503

MAXELL MP-WU5503

The Maxell model MP-WU5503 is an LCD laser projector with WUXGA 1920 x 1200 resolution and a contrast of 1500000:1. The manufacturer Maxell specifies a service life of 30000 hours, which converts to over 20.5 years at 4 hours. The projector also offers a lens shift function for flexible projection adjustment without loss of quality. Thanks to the brightness of 5000 Ansi lumens, an image width of 718 cm is possible. The projector can also handle slightly brighter rooms with a smaller picture width (we recommend max. 479 cm). It is also compatible with Full HD 1080P and 4K (compressed) as well as 3D, meaning that all Blu-ray formats currently available can be recognized by the projector. On the market since 2019, the model is no longer offered by the manufacturer Maxell.
