

MEGAPOWER

1080P COMPACT BATTERY OPERATED DLP PROJECTOR MODEL: ML-T10

- **FHD 1080p native resolution and supports 4K**
- **Display Port Alt C-Port for Wired connection to iphone, ipad etc.**
- **Android OS built-in capable of standalone operation**
- **Battery Operated, Extremely portable**

This battery operated projector is extremely compact and comes with a C-Port that functions in Display Port Alt Mode. The C-Port thus supports fast charging Power Delivery (PD45W) as well as easy connection to iphone, ipad and some android smartphones using Type C cable for stable, high quality, lag free display. The 1080p resolution gives fine details to video as well as text in presentations. The Android OS allows downloading of Apps to expand its functions.
