

MIGOUFIT A8

MIGOUFIT A8

The MIGOUFIT A8 standard portable 3D LED LCD projector has 600 ANSI lumens, a contrast ratio of 20,000:1 and HDTV 1920 x 1080 resolution. The projectors LED light source has a lifespan of 30,000 hours, which is the equivalent of over 20.5 years at 4 hours a day. A picture width of up to 249 cm is possible. However, the picture should be smaller in room light. We recommend max. 166 cm. Since the projector recognises Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra worth mentioning is the Bluetooth function, which allows the projector to be connected to external wireless speakers. Furthermore, the projector can play 1080P and 4K (compressed) as well as 3D without any problems, and thus all currently available Blu-ray formats can be recognised by the projector.

Brief Introduction

Beta 2.5

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

600

Contrast

20000:1

Black Level Offset

0,0300 min. Lumen

Resolution

HDTV 1920 x 1080
