

Nec HT510

NEC HT510

The Nec HT510 DLP projector has 1000 Ansi lumens, a contrast of 1200:1 and a WPAL 1024 x 576 resolution. Includes a lens shift and keystone correction function, which provides freedom during installation. A picture width of up to 321 cm is possible. However, the image should be smaller in room light. We recommend max. 214 cm. The operating noise of only 28 decibels makes the projection quiet. It was launched in 2004 and is no longer offered by the manufacturer Nec.
