## Nec M322H

**Brief Introduction** 

Offset

3D Compatibility

Application

8000:1. The integrated media player can play files directly. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. The model offers a microphone jack plug and 20W speakers, so no additional audio devices are required for presentations or training courses. Thanks to the brightness of 3200 Ansi lumens, a picture width of 575 cm is possible. In room light, the picture should be max. 383 cm wide. Video signals 1080P and 3D are also no problem for the projector. The projector was launched in 2014 and is no longer sold by the manufacturer. 1 x 0,65" DLP Chip

The Nec model M322H is a DLP projector with HDTV 1920 x 1080 resolution and a contrast of
