

# Nec M402H

NEC M402H

A brief introduction to the M402H: The Nec standard portable 3D DLP projector offers 4000 Ansi lumens a contrast of 10000:1 and a HDTV 1920 x 1080 resolution. The integrated media player can play files directly. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. As the M402H is equipped with a microphone jack plug and 20W speakers, no additional audio system is required for presentations or training courses. Thanks to the brightness of 4000 Ansi lumens, a screen width of 643 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend a maximum of 429 cm). Video signals 1080P and 3D are also no problem for the projector. It was launched in 2014 and is no longer offered by the manufacturer Nec.
