

Nec MT860

NEC MT860

The standard portable MT860 LCD projector from Nec has 1700 Ansi lumens, a contrast of 800:1 and an SVGA 800 x 600 resolution. The horizontal and vertical keystone correction provides leeway when setting up. A picture width of up to 359 cm is possible. However, the picture should be smaller in room light. We recommend max. 239 cm. Furthermore, the projector can play 1080P without any problems. The model built in 2002 is no longer offered by Nec.
