

NexiGo PJ40 (Gen 3)

NEXIGO PJ40 (GEN 3)

Brief Introduction

Beta 2.5

The standard portable NexiGo PJ40 (Gen 3) LCD projector has 700 Ansi lumens and an HDTV 1920 x 1080 resolution. The integrated media player allows files to be played directly. Horizontal and vertical keystone correction makes image adjustment childs play. 269 cm picture width, the projector will be able to illuminate well. However, if room light is available, the picture width should ideally not exceed 179 cm. The projector has Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. Even 1080P video signals are no problem for the projector.
