

Nomvdic R150

NOMVDIC R150

The Nomvdic R150 LED LCD projector has 360 Ansi lumens and a WVGA 854 x 480 resolution. The manufacturer specifies an LED service life of 30,000 hours, which is over 20.5 years with a daily viewing time of 4 hours. 193 cm picture width, the projector will be able to illuminate well. However, if room light is available, the image width should ideally not exceed 129 cm. Thanks to the built-in 4800mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. The projector has Miracast Screen Mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. The model is also Full HD 1080P compatible.
