

Optoma CinemaX D2 Smart B/W

OPTOMA CINEMA X D2 SMART B/W

A brief introduction to the CinemaX D2 Smart B/W: The Optoma 3D laser DLP projector offers 3000 Ansi lumens, a contrast of 1800000:1 and a UHD (4K2K) 3840 x 2160 resolution. The manufacturer specifies a laser service life of 30,000 hours, which converts to over 20.5 years at 4 hours of use. Horizontal and vertical keystone correction makes image adjustment childs play. With a projection ratio of just 0.25:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 50 cm away from the screen. Thanks to the integrated Android TV software, it offers direct access to a variety of streaming services such as Netflix, Disney+, Amazon Prime Video and YouTube as well as games and other interactive content. The model is also Full HD 1080P and 4K compatible as well as 3D, so all Blu-ray formats currently on offer can be recognized by the projector. With only 28 decibels of operating noise, the model is already very quiet compared to others.

Brief Introduction Beta 2.5

Display Type

1 x DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Ansi-Lumen
