

Optoma EzPro / EP721

OPTOMA EZPRO / EP721

The Optoma model EzPro / EP721 is a DLP projector with SVGA 800 x 600 resolution and a contrast of 2000:1. The projector can illuminate a picture width of up to 408 cm thanks to its 2200 Ansi lumens. In room light, however, the image width should ideally be less than 272 cm. The operating noise of just 30 decibels makes the projection quiet. It came onto the market in 2007 and is no longer offered by the manufacturer Optoma.

1 x 0,55" DLP Chip
