OPTOMA GT770

A brief introduction to the GT770: The Optoma 3D DLP projector offers 3600 Ansi lumens, a contrast of 20000:1 and HDTV 1280 x 720 resolution. The service life of the lamp is up to 10000 hours, which is equivalent to over 13.7 years at 2 hours per day. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide image, the projector only needs to be 104 cm away from the screen. The model offers a microphone jack plug and 10W speakers, so no additional audio devices are required for presentations or training courses. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). It is also Full HD 1080P and 3D compatible. This model is no longer offered by Optoma.
