

Optoma HD6800

OPTOMA HD6800

The HD6800 DLP has 1300 Ansi lumens, a contrast of 3500:1 / 5000:1 in ImageAI mode and a WXGA 1280 x 768 resolution. Horizontal and vertical keystone correction makes image setup childs play. 1300 Ansi lumens ensure that a picture width of 366 cm is also possible. However, if room light is available, the picture should be a maximum of 244 cm wide. The projector is very quiet compared to others with 27 decibels of operating noise. The model was built by Optoma in 2008 and is no longer current.

1 x 0,65" DC2 DLP Chip
