

Optoma PS3166

OPTOMA PS3166

The PS3166 3D DLP has 3600 Ansi lumens, a contrast of 20000:1 and an SVGA 800 x 600 resolution. Thanks to the brightness of 3600 Ansi lumens, a picture width of 523 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 349 cm). Playing 1080P and 3D is also no problem for the projector. With only 29 decibels of operating noise, the model is already very quiet compared to others. The projector was launched in 2015 and is no longer sold by the manufacturer.

1 x 0,55" DLP Chip
SVGA 4/3 Ti Digital Light Processing Chip

Projector	3600	1200 Lux (bei 200 cm Screen)
