

Optoma TW635 3D

OPTOMA TW635 3D

The TW635 3D 3D DLP has 3500 Ansi lumens, a contrast of 10000:1 and a WXGA 1280 x 800 resolution. The model offers a microphone jack plug and 10W speakers, so no additional audio devices are required for presentations or training courses. 3500 Ansi lumens ensure that a picture width of 601 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 401 cm. Playing 1080P is also no problem for the projector. At just 30 decibels, the device is one of the quieter projectors. This model is no longer offered by Optoma.
