

Optoma WU337

OPTOMA WU337

Brief Introduction

Beta 2.5

A brief introduction to the WU337: The Optoma Standard Portable 3D BrilliantColor DLP projector offers 3600 ANSI lumens, a contrast ratio of 20,000:1, and a WUXGA 1920 x 1200 resolution. Manufacturer Optoma specifies the lamp life at 10,000 hours, which equates to over 13.7 years of use at two hours per day. Thanks to its 3,600 ANSI lumens, the projector can effectively illuminate a screen width of up to 592 cm. In rooms with ambient light, the projector performs best with a narrower screen width; we would recommend a maximum of 395 cm. A smartphone with an MHL connection can be plugged directly into the MHL/HDMI port to enable 1080p/60 Hz screen mirroring. The projector also handles 1080p video signals and 3D content with ease. At just 29 decibels, this device is among the quieter projectors.
