

Optoma WU515T

OPTOMA WU515T

A brief introduction to the WU515T: The Optoma standard portable 3D DLP projector offers 6000 Ansi lumens, a contrast of 10000:1 and a WUXGA 1920 x 1200 resolution. With the lens shift function, the projector can be positioned very freely. As the WU515T is equipped with a microphone jack plug and 20W speaker, no additional audio system is required for presentations or training courses. The projector can illuminate images up to 787 cm wide thanks to its 6000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 525 cm. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. The projector can also play 1080P and 3D without any problems. The model built in 2015 is no longer offered by Optoma.

Brief Introduction Beta 2.5

Display Type

1 x 0,65" Chip DLP
