

Optoma X307USTi

OPTOMA X307USTi

The Optoma X307USTi 3D DLP projector has 3300 Ansi lumens, a contrast of 15000:1 and an XGA 1024 x 768 resolution. As the X307USTi is equipped with a microphone jack and 10W speakers, no additional audio system is required for presentations or training courses. A screen width of up to 500 cm is possible. However, the image should be smaller in room lighting. We recommend max. 333 cm. The projector offers an interactive whiteboard function for interactive training courses and presentations. Video signals 1080P and 3D are also no problem for the projector. It was launched in 2013 and is no longer offered by the manufacturer Optoma, but is still very popular in our projector database.

 1 x 0,55" DC3 DLP Chip
