

Optoma ZW210ST

OPTOMA ZW210ST

The Optoma model ZW210ST is a DLP laser projector with WXGA 1280 x 800 resolution and a contrast of 100000:1. The manufacturer Optoma specifies a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The projector also offers an integrated media player that can be used to play files directly. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide image, the projector only needs to be 104 cm away from the screen. The model is also Full HD 1080P compatible. On the market since 2012, the model is no longer offered by the manufacturer Optoma, but is still very popular in our projector database.
