Overmax MULTIPIC 8.1

EAN/UPC:B0D6RSCK7S

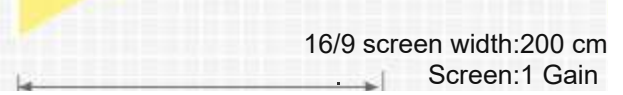

Brief Introduction Beta 2.5	A brief introduction to the Overmax MULTIPIC 8.1. This DLP LED projector has a WVGA resolution of 854 x 480 and a contrast ratio of 10,000:1. It is an LED projector with a lamp life of 30,000 hours, which, based on four hours? daily use, would equate to over 20.5 years. The projector also features a built-in media player, allowing files to be played directly. Built-in horizontal and vertical keystone correction offers flexibility when setting up the projector. An image width of up to 190 cm is possible. However, in well-lit rooms, the image should be set to a smaller size. We recommend a maximum of 127 cm. Thanks to the built-in 8,000 mAh battery, no mains power is required, allowing the projector to be set up quickly and flexibly. The projector supports screen mirroring, enabling high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. Furthermore, thanks to its Bluetooth functionality, the projector can be easily paired with other speakers. Even 1080p and 4K (compressed) are no problem for the projector. With an operating noise level of just 28 decibels, the projection is quiet.
Display Type	1 x 0,3" DMD DLP Chip WVGA 16/9 Ti Digital Light Processing Chip
Ansi-Lumen	Projector: 350 / Screen: 156 Lux (200 cm Screen width)
