

Panasonic PT-LW376

PANASONIC PT-LW376

The standard portable PT-LW376 3D LCD projector from Panasonic has 3600 Ansi lumens, a contrast of 20000:1 and a WXGA 1280 x 800 resolution. The manufacturer specifies a lamp life of 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. Horizontal and vertical keystone correction makes setting up the picture childs play. Thanks to the brightness of 3600 Ansi lumens, a picture width of 610 cm is possible. The projector can also handle slightly brighter rooms with a narrower image width (we recommend max. 407 cm). Furthermore, the projector can play 1080P without any problems. It was launched in 2020 and is no longer offered by the manufacturer Panasonic.
