

Panasonic PT-VMW60

PANASONIC PT-VMW60

A brief introduction to the Panasonic PT-VMW60. The stationary LCD laser projector has a WXGA 1280 x 800 resolution and a contrast of 3000000:1. The manufacturer Panasonic specifies a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. With the lens shift function, the projector can be positioned very freely. The projector can illuminate images up to 787 cm wide thanks to its 6000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 525 cm. It is also Full HD 1080P and 3D compatible. Even projection onto the ceiling is possible thanks to the 360° projection. The projector was launched in 2019 and is no longer sold by the manufacturer.
