

Philips NeoPix Ultra 2TV

PHILIPS NEOPIX ULTRA 2TV

The Philips NeoPix Ultra 2TV model is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 3000:1. The manufacturer claims an LED service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The integrated media player allows files to be played directly. An image width of up to 144 cm is possible as the projector has 200 Ansi lumens. However, if there is room light, the picture should be a maximum of 96 cm wide. Thanks to the integrated Android TV software, it offers direct access to a variety of streaming services such as Netflix, Disney+, Amazon Prime Video and YouTube as well as games and other interactive content. Even 1080P playback is no problem for the projector. On the market since 2021, the model is no longer offered by the manufacturer Philips.
