

Pico Genie P55

Brief Introduction

Beta 2.5

A brief introduction to the P55: The Pico Genie LED DLP projector offers 50 Ansi lumens, a contrast of 1000:1 and a WVGA 854 x 480 resolution. The manufacturer specifies an LED service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. Includes an integrated media player that can be used to play files directly. Thanks to the built-in rechargeable battery, the projector does not require a power supply for 2 hours, allowing it to be set up spontaneously and easily anywhere. The projector was launched in 2016 and is no longer sold by the manufacturer, but is still a popular projector in our database.
