PLUS U7 137SF

The standard portable U7 137SF DLP projector from Plus has 3500 Ansi lumens, a contrast of 2000:1 and an XGA 1024 x 768 resolution. The integrated media player allows files to be played directly. 3500 Ansi lumens ensure that a picture width of 515 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 343 cm. On the market since 2005, the model is no longer offered by the manufacturer Plus.
