

Podazz P30

PODAZZ P30

The Podazz P30 LED LCD projector has 200 ANSI lumens, a contrast ratio of 12,000:1, and an HDTV resolution of 1280 x 720. Thanks to the LEDs, the lifespan is 30,000 hours, which equates to over 20.5 years if used for four hours a day. Horizontal and vertical keystone correction provides flexibility during setup. The projector can effectively illuminate an image width of 164 cm. However, if there is ambient light in the room, the image width should ideally not exceed 109 cm. Since the projector supports DLNA, AirPlay, and Miracast screen mirroring, you can stream high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. Additionally, thanks to its Bluetooth functionality, the projector can be easily paired with other speakers. The model is also Full HD 1080p compatible. At just 25 decibels, the device is among the quieter projectors.

Brief Introduction

Beta 2.5

Display Type

- 1 x LCD TFT Panel
- HDTV 16/9 Liquid Crystal Display
