

Premier PD S660

Brief Introduction

Beta 2.5

A brief introduction to the PD S660: The Premier DLP projector offers 2500 Ansi lumens, a contrast of 2000:1 and an SVGA 800 x 600 resolution. The projector will be able to illuminate a picture width of 435 cm well. However, if room lighting is available, the picture width should ideally not exceed 290 cm. The model built in 2006 is no longer offered by Premier. Unfortunately, we can no longer offer replacement lamps for this model, neither originals nor replicas.
