

PREMIER PJ X922

The standard portable PJ X922 LCD has 4000 Ansi lumens, a contrast of 800:1 and an XGA 1024 x 768 resolution. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 551 cm is possible, if the image width is smaller (we recommend max. 367 cm), rooms with residual light are also no problem. On the market since 2005, the model is no longer offered by the manufacturer Premier.
