

projectiondesign F12 1080

PROJECTIONDESIGN F12 1080

With the F12 1080, manufacturer projectiondesign offers a standard portable DLP projector with HDTV 1920 x 1080 resolution and a contrast of 4000:1. An image width of up to 601 cm is possible as the projector has 3500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 401 cm. Furthermore, the projector can play 1080P without any problems and can even project Blu-rays onto the ceiling thanks to 360° projection. With an operating noise of just 30 decibels, the model is very quiet compared to others. The model built in 2009 is no longer offered by projectiondesign.

1 x 0,95" LVDS DC3 DLP Chip
