

projectiondesign evo+

PROJECTIONDESIGN EVO+

The standard portable evo+ DLP projector from projectiondesign has 2600 Ansi lumens, a contrast of 2000:1 and an XGA 1024 x 768 resolution. The horizontal and vertical keystone correction provides leeway when setting up. An image width of up to 444 cm is possible as the projector has 2600 Ansi lumens. However, if room light is available, the picture should be max. 296 cm wide. The operating noise of just 28 decibels makes the projection quiet. The projector was launched in 2005 and is no longer sold by the manufacturer.

 1 x 0,7" DLP Chip
XGA 4/3 Ti Digital Light Processing Chip

2600	867 Lux (bei 200 cm Screen)
