

Pyle PRJAND615

P Y L E P R J A N D 6 1 5

The PRJAND615 LCD projector from Pyle has 180 Ansi lumens, a contrast of 2000:1 and a WXGA 1280 x 800 resolution. As Pyle specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. An image width of up to 136 cm is possible as the projector has 180 Ansi lumens. However, if room light is available, the picture should be max. 91 cm wide. This model is no longer offered by Pyle.
