Operating Noise

The PRJLE64 LCD has 192 Ansi-Lumen, a contrast of 3000:1 and a WXGA 1280 x 800 resolution. The integrated media player can play files directly. As Pyle specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. A picture width of up to 141 cm is possible, as the projector has 192 Ansi lumens. However, if room light is available, the picture should be max. 94 cm wide. This model is no longer available from Pyle.

1 x 5,8" LCD TFT Panel
WXGA 16/10 Liquid Crystal Display

Projector

192 / 3200 Lumen
