Pyle PRJWIFI70

PYLE PRJWIFI70

Brief Introduction Beta 2.5	The PRJWIFI70 LED DLP has 140 Ansi lumens, a contrast of 1000:1 and a WVGA 854 x 480 resolution. The manufacturer specifies an LED service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The integrated media player allows files to be played directly. A picture width of up to 120 cm is possible. However, the picture should be smaller in room light. We recommend max. 80 cm. The projector can be operated for up to 3 hours using the rechargeable battery, which means it can be set up spontaneously and easily anywhere. Even 1080P video signals are no problem for the projector. The projector was launched in 2015 and is no longer sold by the manufacturer, but is still a popular projector in our database.
Display Type	1 x 0,3" DLP Chip WVGA 16/9 Ti Digital Light Processing Chip
Ansi-Lumen	Projector: 140 / Screen: 62 Lux (bei 200 cm Screen)
